

# Advanced Courses

2021 | 2022

## Public Speaking and Presentation for Scientists

October 18 - 22, 2021

Application deadline: September 30, 2021

## Ecosystem Services: From Concepts to Applications

November 22 - 25, 2021

Application deadline: November 04, 2021

## Quantitative Estimation of Wildlife Population Parameters I

December 6 - 10, 2021

Application deadline: November 4, 2021

## Quantitative Estimation of Wildlife Population Parameters II

December 13 - 17, 2021

Application deadline: November 11, 2021

## Ecological Niche Modelling from theory to Practice

February 7 - 11, 2022

Application deadline: December 15, 2021

## Methods in Research Synthesis: Systematic Reviews and Meta-Analysis

March 14 - 17, 2022

Application deadline: January 28, 2022

## Terrestrial Ectotherms Thermal Ecology in a Changing World: Theory and Practice

March 21- 23, 2022

Application deadline: February 3, 2022

## Archaeogenomics of Domestic Animals

April 4 - 8, 2022

Application deadline: February 17, 2022

## Understanding Animal Responses to Change on a Neural and Endocrine Level

May 2 - 6, 2022

Application deadline: March 17, 2022

## Spatial Conservation Prioritization: Concepts, Methods and Applications

May 16 - 20, 2022

Application deadline: March 31, 2022

## Models In Invasion Ecology: Challenges and Applications

May 30 - June 2, 2022

Application deadline: April 18, 2022

## Theoretical Perspectives on Biodiversity and Biogeography

July 4, 2022 - July 8, 2022

Application deadline: May 25, 2022

## Museum Techniques in the 21<sup>st</sup> Century (Birds And Mammals)

*April 2022 (to be confirmed)*

## Landscape Genetics

*June 2022 (to be confirmed)*

## How Viruses Work? Principles and Methods for their Study

*June 2022 (to be confirmed)*

## Vector Mediated Parasites & Wildlife

*To be confirmed*

## Conservation Project Management

*To be confirmed*
